VOLUME CVIII.--NO. 267. ALEXANDRIA, VA., SATURDAY EVENING, NOVEMBER 9, 1907. PRICE 2 CENTS.

What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heartburn," belching of gas, acid risings in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, torpid liver with indigestion, or dyspepsia. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attested under oath. A glance at its formula will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure triple-refined glycerine, of proper strength, from the roots of the following native American forest plants, viz., Golden Seal root, Stone root, Black Cherrybark, Queen's root, Bloodroot, and Mandrake root.

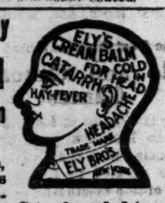
The following leading medical authorities, among a host of others, extol the foregoing roots for the cure of just such ailments as the above symptoms indicate: Prof. R. Bartholow, M. D., of Jefferson Med. College, Phila.; Prof. H. C. Wood, M. D., of Univ. of Pa.; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago; Prof. John King, M. D., Author of American Dispensatory; Prof. Jno. M. Scudder, M. D., Author of Specific Medicines; Prof. Laurence Johnson, M. D., Med. Dept. Univ. of N. Y.; Prof. Finley Ellingwood, M. D., Author of Materia Medica and Prof. in Bennett Medical College, Chicago. Send name and address on Postal Card to Dr. R. V. Pierce, Buffalo, N. Y., and receive *free* booklet giving extracts from writings of all the above medical authors and many others endorsing, in the strongest possible terms, each and every ingredient of which "Golden Medical Discovery" is composed.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. They may be used in conjunction with "Golden Medical Discovery" if bowels are much constipated. They're tiny and sugar-coated.

A Reliable Remedy FOR CATARRH

Ely's Cream Balm

Is quickly absorbed. Gives Relief at Once.



It cleanses, soothes, heals and protects the diseased membrane resulting from Catarrh and drives away a Cold in the Head quickly. Restores the Senses of Taste and Smell. Full size 50 cts. at Druggists or by mail. Liquid Cream Balm for use in atomizers 75 cts. Ely Brothers, 56 Warren Street, New York.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had.

For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend

THE LUSITANIA IN A STORM.

Though the Lusitania hung up a new record of 4 days 18 hours and 40 minutes when she made her berth at the Cunard Line pier in New York yesterday, her passengers were none too reluctant to disembark, after the terrific storm through which the great queen of the seas passed Thursday.

There was plenty of ballast to help weather the storm, however, for stowed away in the strongroom was over $12,000,000 in gold that was greedily snatched by New York bankers as fast as it could be unloaded.

The storm burst down from a cloudless sky at 2 o'clock Thursday morning. The stiff westerly wind suddenly gathered the strength of a gale and the smooth ocean lane through which the liner was plowing at express speed became torn by vast furrows and mountainous ridges of angry water.

Before dawn the wind was blowing with hurricane velocity and continued to pile up the seas throughout the day.

At 2 o'clock in the afternoon what the mariners called a 30-foot wave, but what to the landlubber's eye looms like an overwhelming mountain of water, boarded the bow and smashed in the lights of the wheelhouse, 80 feet above the water line.

The Lusitania felt the shock to her nethermost bolts, and in the crowded cabins below the passengers were tossed off center, slid from their chairs or jolted from their bunks, where they had taken their aching heads and tortured bodies.

So prodigious was the force of this wave that it smashed a hugh iron crotch formed on the promenade deck. A seaman who was on the bridge was washed against a brass railing and picked up senseless. From then on until the gale abated both the promenade and boat decks were awash and even the most venturesome remained below.

The Lusitania bore several scars to show the severity of the passage. One of the clutches holding a derrick 15 feet above the deck was twisted badly and some of the bolts holding the shrouds were pulled out. Her decks were repeatedly washed by the seas. While the gale was on the passengers were kept in their cabins out of danger.

SACRIFICED HIS LIFE.

Jesus Garcia, a locomotive engineer, on Thursday saved Nacazari, Ariz., from destruction by running a burning powder train through the town at top speed, but lost his own life and caused the death of a dozen or more Mexican section hands through the explosion of two cars of powder just as the flaming train was passing a section house. A boy was also killed by the explosion.

According to details of the accident a powder train on the narrow gauge railroad of the Pilares mine caught fire Thursday when near Nacazari. In the train were two open cars heavily loaded with explosives.

Realizing that the concentrator and a good part of the town of Nacozari would be destroyed if the powder exploded there, Engineer Garcia called to the rest of the crew to jump and started to run the train away from the town. He had taken it about half a mile when the explosion occurred, as the cars were passing a section house full of Mexicans. The explosion blew the house, the train, the men and the engineer to atoms.

A boy, not seeing the fire in the train, sought to steal a ride on the rear car, and was killed by the explosion.

Appendicitis

Is due in a large measure to abuse of the bowels, by employing drastic purgatives. To avoid all danger use only Dr. King's New Life Pills, the safe, gentle cleansers and invigorators. Guaranteed for headache, biliousness, malaria and jaundice, at all drug stores. 25c.

MURDERED LITTLE GIRLS.

The series of crimes, resembling the "Jack the Ripper" murders, in London, in 1888-1889, only that in Berlin the victims were little girls instead of women, has been cleared up, through the confession of a prister's apprentice, Paul Minow, an epileptic, twenty-two years of age, who recently was confined in an asylum for the insane at Hersberg.

The authorities of the institution, informed that Minow had been talking in a rambling manner of the murders, suspected him of having committed the crimes, and encouraged him to talk, with the result that he freely related, in an artless fashion, how he had been taunted by his mother and sister with laziness, had gone out into the streets in a rage, and had vented his feelings by stabbing four little girls, one after the other.

He then rambled about the city for a while and eventually returned home.

It does not appear whether the mother and sister of Minow were aware of what he had done, but his mind became so disordered that they sent him to the asylum a week later. The police have confirmed Minow's confession.

The finest Coffee Substitute ever made, has recently been produced by Dr. Shoop, of Racine, Wis. You don't have to boil it twenty or thirty minutes. "Made in a minute," says the doctor. "Health Coffee" is really the closest Coffee Imitation ever yet produced. Not a grain of real Coffee in it either. Health Coffee Imitation is made from pure toasted cereals or grains, with malt, nuts, etc. Really it would fool an expert—were he to unknowingly drink it for coffee. Sold by E. S. Leadbeater & Sons.

WANT ROOSEVELT KING.

Joseph H. Drake, Professor of law in the University of Michigan, at Ann Aarbor, yesterday startled his class by declaring that the people of this country should elect Mr. Roosevelt king. The students at first believed it was a merry sample of professoral humor and began to laugh, whereupon Prof. Drake reiterated the statement, and said he had made the kingly nomination with all seriousness and sincerity. The class did not take kindly to the idea.

Prof. Drake said that he advocated placing the President on a throne because of the wisdom he has displayed in handling the problem of corporate regulation. He advocated giving a free hand to Mr. Roosevelt for the solution of the corporation menace. Prof. Drake declared that it was one of the follies of the nation to suppose that present industrial efficiency could be maintained without the organization of great corporations. Their destruction would mean the ruin of the nation, and the solution, he said, rested in their efficient control and regulation by the government.

NOT A SIN UNTO DEATH.

Offering a cocktail to the President of the United States is not a grave enough offense to bar a person from eligibility to a church conference, is the opinion of Leslie M. Shaw, formerly Secretary of the Treasury, as expressed at a reception to Rev. John Wesley Hill, newly appointed pastor of the Metropolitan Temple, in New York.

"The church," said Mr. Shaw, "is a very sacred institution, and we Protestants are a little lax in our reverence. The Catholic Church is more reverent and more sacred. We kill the church by being too straight-laced and too frivolous. The church is drifting away from its original mission of preaching to the people.

"I am criticised because I believe in the confessional. I am not a Catholic and have never been to a church of that denomination, but nevertheless I strongly believe in the confessional."

Biliousness and Constipation.

For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and catartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, helping the system to do its work naturally.—MRS. ROSA POTTS, Birmingham, Ala. These tablets are for sale by Gibson & Timberman and W. F. Creighton & Co.

Only a little cold in the head may be the beginning of an obstinate case of Nasal Catarrh. Drive out the invader with Ely's Cream Balm applied straight to the inflamed stuffed up air passages. Price 50c. If you prefer to use an atomizer, ask for Liquid Cream Balm. It has all the good qualities of the solid form of this remedy and will rid you of catarrh or hay fever. No cocaine to breed a dreadful habit. No mercury to dry out the secretion. Price 75c, with spraying tube. All druggists, or mailed by Ely Bros., 56 Warren street, New York.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Guaranteed under the food and drugs act June 30th, 1906. Serial number 1098.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

SATURDAY EVENING, NOV. 9, 1907

THERE WERE incidents in the life of the late John W. Burke published yesterday which did not occur to the writer at the time the outlines of the long and useful life of the deceased were hurriedly penned. In the fall of 1864 Mr. Burke and a number of other prominent Alexandrians, were placed in a box car by the military authorities and ridden between Alexandria and Strasburg daily as hostages, it being supposed that Colonel Mosby would not fire into the train while Southern sympathizers were aboard, although he had previously done so and killed Superintendent McCrickett. The colonel, however, was reported to have declared that should an opportunity be afforded he would wreck the train notwithstanding the fact that Southern people were on it. Thus, it will be seen, for weeks the lives of the Alexandrians were kept in jeopardy. Mr. L. M. Davis, of this city, was one of the hostages, and now that Mr. Burke is no more he is, it is believed, the only one living of the band of Alexandrians who were compelled to make this dangerous trip day after day. In 1868 the military authorities of this city, in a fit of capriciousness, issued an order that all residents of the city who should fail to take the oath of allegiance to the United Sates government after a given time would be deported outside the federal lines and into a territory then occupied by the Southern Confederacy. Notices were sent to all prominent citizens to appear at military headquarters and subscribe to the oath. Mr. Burke was among the number. But a corporal's guard obeyed the mandate, and Mr. Burke and many others who paid no attention to the order were notified that the steamer Sylvan Shore would leave the foot of Prince street on a certain morning and that all those defying the military authorities should go aboard. Those who had no idea of taking the oath prepared to leave their homes. The steamer was at the dock at the appointed hour, but before the lines were cast off the passengers were ordered to go ashore, as the order had been countermanded. There is reason to believe that the influence wielded by Mr. Burke at that time had something to do with the revocation of that cruel order by the War Department and prevented the military authorities of this city from consummating a cruel act.

THE President on Thursday indicated to members of the committee on paper of the American Newspaper Publishers' Association that he will recommend to Congress the abolition of the tariff on press paper, wood pulp and the wood that goes into the manufacture of paper. He said he would make a recommendation to the Department of Justice that it take immediate steps to ascertain whether the anti-trust laws are being disobeyed by the manufacturers of paper. If the President succeeds in having the paper tariff abolished this will be the first time that the government has ever struck at a trust by depriving it of the benefit of the protective tariff, the thing that makes most of the great and greedy combines possible. A funny thing about the whole affair is that blatant republican "stand pat" editors who want high tariff on everything else now urge that the duty be taken off of paper. This is but another case of whose ox is gored.

THE City School Board at its last meeting changed the hours of the opening and closing of the public schools, the chief reason for which is to prevent the frequent disorderly clashes between the white and colored boys on their way to and from school. This will sound strange to people living elsewhere. In other cities the schools all have the same hours, and if any disorder occurs, which is extremely seldom, the offending boys are promply arrested and punished. But this does not seem to be the case in Alexandria, where such disorders have grown to be so frequent that separate hours for opening and closing the schools have had to be arranged. Here the boys' license seems to be unlimited and they do as they please without let or hindrance and with no regard to the rights of other people. And all this could be remedied by the arrest and proper punishment of a single offender. But who will bell the cat?

A LARGE amount of governmental funds now on deposit in the national banks of New York will be withdrawn from these institutions by Secretary Cortelyou and placed in the southern and western banks to help relieve the situation and assist in moving the crops. Large amounts are needed in the south and west, and the Secretary naturally takes the position that inasmuch as he placed large sums of government funds on deposit in New York when needed, he is in the position to make suggestions in the matter of transfer. This may be all right, but, as a matter of fact, what has the government to do with the shortage of money in the different sections of the country, anyway?

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, Nov. 9.

Mr. Rockefeller and the other rich men of the country in sympathy with the oil king, have brought about the present panic to discredit the President, according to the declaration of ex-Senator Stewart, of Nevada. The Senator called at the White House today, and unburdened his mind on this subject. "Didn't Rockefeller say six months ago that if the President didn't quit pursuing the rascals, the country would be plunged into hard times?" he asked. "Well, the President didn't scare worth a cent and now you see the panic is here. I've been traveling about the country a great deal during the last few weeks, and everywhere I've gone, I've found that the independent men—the men who really owned themselves—were for the President. All the men that were not independent—the men that had strings of some sort tied to them—were all against the President. If the people have their way, Roosevelt will succeed himself as sure as you live."

On the eve of her trial for the murder of former Senator Arthur Brown, of Utah, Mrs Anna M. Bradley has cheered up wonderfully in the companionship of her two little sons and her mother who travelled across the country to be with her during the ordeal. The boys, Arthur Brown, jr., and Madison Brown, of whom, Mrs. Bradley claims, Brown was the father, are now with their mother almost continually. Mrs. Bradley's sister who has been working as a stenographer to earn money for her sister's aid, is another member of the family reunion. The attorneys for Mrs. Bradley had their final conference today. Both prosecution and defense say they will be ready for trial when the case is called in the District Court on Monday morning.

Roosevelt and Bryan will be the opposing candidates if Congressman Champ Clark of Missouri is a successful prophet. Mr. Clark was a White House caller today and told the President about his recent journeyings about the country. "I've traveled over seventeen States since Congress adjourned," said the Missourian, "and have heard only two dames—Roosevelt and Bryan. I think there is little doubt that the voters of the country will be called upon to chose between them. If the President does not want to be nominated by acclimation by his party, he had better put himself out of the race mighty soon."

A labor conference was held at the White House today between President Roosevelt and the high officials of the American Federation of Labor. A number of subjects bearing on industry were discussed and the President said he would give their suggestions "careful attention" and "consideration."

The sum of $48,285,110 had been actually expended upon the Panama Canal up to June 30 of this year, according to the annual report of the Isthmian Canal Commission, some advance figures from which are printed in the latest number of the Canal Record, which has just arrived here. The total appropriations up to date were $79,608,568, leaving an available balance July 1, 1907, of $31,323,458. The announcement is made from the Isthmus of Panama that the new borings which have been made over the entire area of the lock site at Catun show that the locks will rest for their entire length on rock.

In compliance with an order of President Groves, of the local telegraphers' union, calling off the strike here a number of union men applied for work today with the Western Union and Postal Companies. It is stated that few were engaged, most of the positions having already been filled by non-union men or by strikers who returned to work before the order was issued.

President Samuel Gompers, of the American Federation of Labor, is preparing to launch a sensational attack on the National Manufacturers' Association, at the annual convention of the federation, which is to be held in Norfolk, Va., next week. It will be a reply to the present charges of graft made against the officials of the federation by "American Industries," the organ of the Manufacturers' Association. It is understood that agents of the federation have been busy for weeks collecting data regarding the organization and methods of the Manufacturers' Association, and that these will be laid before the convention, together with explanation and comments thereon by Mr. Gompers. The injunction suit brought by the Manufacturers' Association against the federation has been set for hearing next Thursday before Justice Gould.

The President today formerly received the new Turkish Minister, Chammed Ali Bey. Secretary Root made the introduction at the White House.

GOVERNMENT AND EXPOSITION

Rear-Admiral Brownson and Commander Wilson, of the Bureau of Navigation, returned to Washington from Hampton Roads yesterday, where they inspected the naval training station at Berkley, near Norfolk. They were agreeably surprised by the extent of the work being done there, but feel that the government should provide permanent buildings for the station.

There are now at Berkley 1,000 men, most of them quartered in tents and small wooden buildings. In view of the uncertainty of securing a large appropriation from Congress, such as was made for the naval training station on the Great Lakes, it has been suggested that the government take over the permanent buildings on the Jamestown Exposition grounds for this purpose. The Navy Department will work out a plan, and if these buildings can be secured at a reasonable figure, will ask that they be purchased. An estimate will then be made for an appropriation to put the buildings in order and transfer the station from the present site at Berkley, which is not regarded as suitable for enlargement.

Cut His Wife's Head Off.

Houston, Tex., Nov. 9.—Matthew W. Anderson, a railroad clerk of Houston Heights is sought on a charge of killing his wife by cutting off her head with a butcher knife. The couples 8-year-old daughter found her mother's body in the kitchen today. Beside it lay a note signed by Anderson, in which the latter explained, that returning home unexpectedly he found his wife with another man. "This being the second occurrence," the note concluded, "I felt obliged to wreak vengeance on my own love." Anderson has diiappeared.

Kaiser Starts for England.

Flushing Holland Nov. 9.—Kaiser Wilhelm and his consort sailed on the imperial yacht Hohenzollern today for England. A brilliant suite, including several members of the Germany cabinet, accompanied them. The British channel fleet, commanded by Admiral Lord Charles Beresford, acts as the Hohenzollern's escort from Flushing to Portsmouth.

News of the Day.

Gold is selling in San Francisco at a premium of 10 per cent.

A dispatch from Berlin says that the Crown Princess of Germany has given birth to a son. This is her second child.

Many Russians, believing there will be war between the United States and Japan, are volunteering their services to the American Embassy.

In a collision between a hose wagon and electric car early in Rochester, N. Y., today one man was killed and five badly hurt; one possibly, two fatally.

The window glass factories in the gas belt of West Virginia will probably shut down for an indefinite time in a few days because of trouble about the wage scale.

Timed by Santos Dumont and Captain Ferber, M. Lelas, of Paris traveled two kilometers in his hydroplane on the Seine today in 1 minute and 8½ seconds, or at the rate of 34 knots an hour, a world's record.

A perfect reproduction of the Grotto of Our Lady of Lourdes, on the grounds of the Marist Seminary, Washington, will be dedicated Sunday with appropriate services conducted by Archbishop Falconio, Papal Delegate to the United States. Father Stephen, a Franciscan friar, will preach the sermon.

Walking into the home of Mrs. Dora Shievel, in Myrtle avenue, Brooklyn, today, Joe, Schmulvitz, of Cleveland, shot the woman dead in the presence of her two children and a neighbor. P. Kelly, who says he is a graduate of Annapolis, son of former U. S. District Attorney John F. Kelly, of St. Paul, Minn., and declares he was a lieutenant on Admiral Dewey's flagship Olympia at the battle of Manila, is locked up in Pittsburg, Pa., charged with forging a check. He says morphine caused his ruin.

Captain Tilton, of the whaler Herman, which arrived at San Francisco yesterday from the Arctic, reports that a terrific earthquake occurred at Unalaska about a month ago, and that McCulloch Peak, which was created by an earthquake nearly a year ago, and extended 3,500 feet above the sea, has dwindled to almost nothing as a result of submarine disturbances.

A hurricane swept over Marseilles, France, last night, causing immense damage to docks and water-front property. The gas works were flooded by the terrific downpour that accompanied the storm, and the city was plunged into darkness. Several persons were killed by collapsing houses. All southern France continues to suffer from the floods following the excessive rains.

After escaping from an asylum where he was undergoing treatment for mental troubles on Wednesday night, Prof. Fred H. Abell, until recently an instructor in the West High School, Rochester, N. Y., was found dead yesterday near the city reservoir in Highland Park. The body was clothed only in a night robe which Prof. Abell wore when he wandered away from the Graham Sanitarium.

BLACKMAILER KILLED.

Blackmailing women by means of photographs of them and himself in too friendly attitudes, which he took with a concealed camera, led to the death of Harry Ferree ot the hands of an outraged husband, Andrew Jackson Detsch, jr., of Philadelphia according to the police.

Startling facts in the case were brought to light yesteday by the police and the coroner's office. The police declare that Ferree blackmailed the beautiful Mrs. Detsch, who was only twenty and the mother of a child, until it was impossible for her to comply with his demands for money, and she confessed to her husband.

The police go even farther. They declare that the shooting of Ferree by Detsch was the result of a deliberate plot by husband and wife to entice the man to the Detsch home, pretend to mistake him for a burglar and kill him, thus ending his persecutions for all time.

Mrs. Detsch persists that she made a full confession to her husband of her friendship with Ferree. Detsch, who is the son of a wealthy man, and himself prominent in business, and a traveling salesman, denies this, and declares that when he shot Ferree he really believed him to be a burglar. He insists that he never doubted his wife, and when told that she had said she confessed to him he declared she must be hysterical and did not know what she was saying. Mrs. Detsch is in a pitable state, while her husband sits in his cell only opening his lips to give the lie to anyone who mentions his wife's alleged confession. The shooting occurred Tuesday night.

FIRE ON A STEAMER.

Bringing more than 150 passengers, who were unaware that a fire was smoldering in the hold of the steamship, the Jefferson, and Old Dominion liner from Norfolk to New York, was sent ahead at full speed after Capt. J. E. Dole, her commander, heard the news of the blaze off Long Branch at noon yesterday. A wireless message was flashed to the company's office in New York asking that a fireboat meet the Jefferson, and the George B. McClellan was ready when the steamship came in at the foot of Beach street, North river, half an hour ahead of her schedule. All the passengers were landed with their baggage without gaining knowledge of the fire, and not until 8 o'clock last night was the hold under No. 2 hatch opened. Then it was found that the steam let in as soon as the electric thermostaat told of the fire had almost extinguished the flames, which started in bales of cotton. Several thousand dollars' damage was done to tobacco, cotton goods and other miscellaneous cargo stowed in the hold.

A BALD NEWSPAPER MAN.

Getting a New Crop of Hair, and Has No More Dandruff.

Everybody in the North west knows Col. Daniel Searles, the veteran journalist and publicist of Butte. Jan. 10, 1900, the Colonel writes: "I used a couple of bottles of Newbro's Herpicide with marvelous results. The dandruff disappeared; a new crop of hair has taken root, and the bald spot is rapidly being covered." Herpicide is the only hair preparation that kills the dandruff germ that digs up the scalp in scales as it burrows its way to the root of the hair, where it destroys the vitality of the hair, causing the hair to fall out. Kill the dandruff germ with Herpicide.

Virginia News.

J. W. Wilson, known throughout the State as "Revenue" Wilson, died suddenly at his home, at Radford, yesterday, aged 62 years. He was United States deputy marshal for 20 years and was a terror to moonshiners.

Sheriff John Beard, of Amherst county, was run over in front of the Southern Railway station at Danville shortly after 6 o'clock yesterday evening by a passenger train, which severed both of his legs below the knee, causing injuries from which he died last night.

Her mother going down stairs for a minute to bid the father and husband goodby as he went off to work in Norfolk yesterday, Margaret Caffee, aged 3 years, pulled a cover from a table, upsetting a burning oil lamp, which exploded, fatally burning the child.

Col. C. W. Chapman, revenue agent for Virginia, returned to Danville yesterday and reported the seizure of the Dry Fork Distilling Company, near Danville. The plant is one of the largest in Virginia. It is understood that it has violated the laws in regard to excess of output for amount of returns made.

Charged with the theft of his grandmother's diamond brooch, valued at $200, and his father's gold watch, worth $100, John W. Turner, of Fredericksburg, was placed under arrest in Richmond last night, the information being furnished by his father, who had followed the lad to that city and pointed him out to the officers.

The National Executive Council of Jewish Women adjourned in Norfolk Thursday night, leaving to the national officers the final selection of place of meeting of the triennial assembly in 1908. The council appropriated $2,500 for the extension of the work in behalf of Jewish immigrant girls, which is proving so effective at New York, Philadelphia, Baltimore and Boston. Provision also was made by the council for a censor committee to prevent newspaper publication of personalities as far as its members are concerned and to use its influence in suppressing newspapper publications affecting juvenile criminals that might tend to blast the future respectability of these criminals.

At a mass-meeting of citizens of Roanoke Thursday night in opposition to a proposition for the city to take over the Randolph market property, which course was recommended by a subcommittee of the city council, speeches were made denouncing such a deal and favoring the city enlarging the present market. Councilman Thomas J. Carter declared that graft in Roanoke is worse than in St. Louis, Philadelphia, San Francisco and other corrupt cities. Resolutions were adopted calling on Aldermen Weaver and Donaldson and Common Councilman Hodgson to resign their seats. These three men constituted the subcommittee that several nights ago brought in a report favorable to the city exchanging its market for the Randolph property.

An anti-injunction demonstration will probably be the feature of next week's labor convention in Norfolk. Courts which issue and employers who solicit injunctions will be fiercely arraigned. Resolutions will probably be adopted urging Congress more vigorously than ever before to transfer from the bench to the jury box the power to punish for contempt outside the court room. It is predicted that the anti-injunction fight will fully commit the American Federation of Labor to politics and force it to fight for candidates who can be depended on to advance unionism's cause. Socialism, which will probably make another attempt to force itself upon the convention, seems destined to be repulsed. The fight Gompers and his executive council will make in Congress this winter will have the support of 20 congressmen—several of them real laboring men—pledged to unionism's campaign.

TO REMARRY.

Mrs. Nellie Atchison, 18 years old, pretty and petite, once divorced, now seeks divorce from her second husband Gordon Aitchison, in order that she may remarry Leslie Miller, whom she accepted when a girl of 15. Divorce proceedings are now pending in Richmond and it is her intention to again become Mrs. Miller on Christmas Day. The girl was Nellie Greenstreet. Since her first marriage she has been estranged from her family.

Her divorce from her first husband followed a trip to Norfolk made by herself and her sister with two men, by whom the women were registered on the steamer as their wives.

Charges by Girls.

Newark, N. Y., Nov. 9.—Stories told to the police by eight girls, ranging from 11 to 15 years old, have led to the arrest of ten well-known business men. The mother of one of the girls told the authorities that her daughter had been away from home for three days and mentioned a certain house in which she believed the child was being kept. The police visited the place, found the girl, seven others, heard their stories and arrested the men they accused.

A Hard Debt to Pay

"I owe a debt of gratitude that can never be paid off," writes G. S. Clark of Westfield, Iowa, "for my rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The ominous dry, hacking cough quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equaled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by all druggist. 50c and $1.00. Trial bottle free.

Today's Telegraphic News.

King Edward has an "Elephant."

London, Nov. 9.—This is King Edward's birthday and he got a gift with which he hasn't the remotest idea what to do—the great Cullinan diamond. The present was made by the Transvaal government and if ever there was a white elephant it is that particular gem. It weighs 1.37 pounds and is valued at $2,500,000. It can't be placed in the crown because it is so big that it would make the emblem of royalty unwearable. Queen Alexandra can't wear it on her necklace or tiarra for the same reason. To cut it into smaller stones would take away a great part of its value. Yet it seems a pity to keep it forever locked in a vault or under a glass case in the British Museum. The whole royal household is trying to think of some good use to put the present to. It is the largest diamond in the world. Sir Richard Solomon gave it to the king as the Transvaal government's agent-general.

Three-million Dollar Fire.

Duluth, Minn., Nov. 9.—Three million dollars is today fixed as the probable total loss by a fire that started in elevator A dock at Superior, Wis., at 9 o'clock last night. The losses figured to date are: Great Northern Elevator and Power House, $1,300 000; Great Lake Dredge and Docks Company, $85,000; Freeman Flour Mills and Elevator Company, $200,000; Minkata Flour Mills, $150,000; Whitney Brothers and Superior Shipbuilding Plants, $25,000 each. The flames were not gotten under control until this morning. Four fire tugs responded to the first alarm, but the intense heat drove them so far back they were ineffective.

Cabinet Crisis Threatened.

Paris, Nov. 9.—A partial cabinet crisis threatened, as a result of differences of opinion between Minister of War Caillaux and the holders of other portfolios.

Caillaux pledged himself yesterday to see that the government took up immediate question to the income tax. A cabinet council overruled him today, voting to deal first with the real estate valuation.

The conflict is grave and resignations on one side or the other are momentarily expected.

End of Telegrapher's Strike.

Chicago, Nov. 9.—Formal notice of the "suspension" of the telegrapher's strike was sent to all the locals of the United States today. Up to that time forty-two locals had voted to go back to work, and that insured the necessary majority. Buffalo, N. Y., and Dayton, Ohio, were the only two locals that voted to continue the strike.

Mountain Slide on Railroad.

Clarksburg, W. Va., Nov. 9.—An entire mountain-side has toppled upon Baltimore and Ohio Railroad tracks at Richwood, burying them for a distance of a mile. It will take at least ten days to clear the rails and another landslide is feared as soon as the earth is removed. It is believed no one was caught under the slip.

Another Bank Closes.

Steubenville, O., Nov. 9.—The First National Bank of Mingo, O., an iron town near hear closed its doors this morning. There was a run on the bank this morning and yesterday.

New York Stock Market.

New York, Nov. 9.—The character of the stock market is best indicated by the fact that the sales in the first hour were less than 60,000 shares. Canadian Pacific lost 2½ but rallied ½. Atchison fell 2½. The most of the few other stocks that were traded in showed fractional losses at the opening and after a slight rally the market came to an absolute standstill.

There was a slight rally near the close and the market ended dull and steady with irregular net changes.

The Evening Post says: The bank statement, issued after the close of today's business was unfavorable; chiefly because the average system failed to reflect in full the $21,000,000 gold arrival of the week

Henry Watterson Writes of Defeat in Kentucky.

Louisville, Ky., Nov. 8.—Mr. Henry Watterson, to whose silence during the campaign just closed is attributed by many of the defeated candidates the downfall of the democratic party in Kentucky, made a stinging reply in the Courier-Journal this morning.

He pointed out some defects in the party in this State. Mr. Watterson attributes the defeat to the one-man power of Gov. Beckham, and to the prohibition plank in the platform. He said in part:

"'To your tents, O Israel.'

"If we were asked to put in a single sentence the cause of democratic disaster in Kentucky we should answer: 'The one-man power.' The one-man power established by William Goebel descended to John Crepa Wickliffe Beckham.

"Always a precarious possession, it became perilous, and finally deadly in the hands of an ambitious, unsparing organizer, sacrificing everybody and everything—the ethics and practice of just government along with the principles of democracy—to the single purpose of building a self-perpetuating machine like that of the Camerons, and thereafter of Quay, in Pennsylvania.

"But the Blue Grass State is not as the Keystone State. The true Kentuckian bows his head to no man's yoke. Kentucky was about to rebel against the immortal Clay when the Sage of Ashland died. What Clay could not do, what Breckinridge could not do, what Guthrie could not do, lay not beneath the competency of a successor of far inferior talent.

"At the last moment, the day might have been saved if the democratic ticket had said, as indeed to all intents and purposes the republican ticket did say, prohibition does not prohibit.

"Nowhere has it resulted in anything but evasion and hypocrisy, adulteration, and outlawry, smuggling and extortion.

"What shall it profit us if we confiscate one hundred millions of yielding property and a hundred years of productive trade mark, hundreds of millions of contiguous values, transferring two or three millions of taxes from the manufacture and distribution of distilled malt liquors to the shoulders of the already overburdened farmer, merely in order to make Kentucky as dry as Maine, which is not dry at all?

"There could be no answer to this. It is not only true in itself, but it is true democracy. Fancy a democratic ticket preaching sumptuary laws in the State and a democratic ticket preaching no law at all in the city.

"How was it possible for victory to emanate from such an abandonment of sound policies, such moral confusion, and political tergiversation?"

AN ORDINANCE to declare the lease to The Ideal Hospital Bed Company, incorporated, of certain land situate in the city of Alexandria, Virginia, null, void and of no effect, and to provide for a notice of re-entry.

Whereas, The Ideal Hospital Bed Company failed to file with its bid a certified check for $100.00, as required by an ordinance of the City Council of Alexandria, Virginia, entitled "An ordinance to provide for the leasing, with the privilege of purchasing, by the City Council of Alexandria, of certain land situate in the city of Alexandria upon certain terms, conditions or provisions, to the person or corporation hereafter to be ascertained in the manner prescribed by law," approved March 15, 1907, and

Whereas, The Ideal Hospital Bed Company has failed to pay the City Council of Alexandria the cost of advertising the said ordinance in the manner prescribed by law, and as required by said ordinance, and

Whereas, the ordinance of the City Council of Alexandria, Virginia, entitled "An ordinance to lease with the privilege of purchase to The Ideal Hospital Bed Company, incorporated, or its assigns, certain land situate in the city of Alexandria, upon certain terms, conditions and provisions," approved April 24, 1907, and the lease dated and executed on April 24, 1907, and executed in compliance with said ordinance, provided, among other things, as follows, viz: "The lease to contain a provision that the same is to be null, void and of no effect, unless the said The Ideal Hospital Bed Company, or its assigns, shall, within sixty days, begin construction and within one year from execution thereof, expend not less than $35,000.00 in the erection of a factory," etc., and

Whereas, the said Ideal Hospital Bed Company, or its assigns, has not begun construction upon the real estate leased to it in compliance with said ordinance, and

Whereas, the object of the City Council of Alexandria is to have the said real estate used for manufacturing purposes, and other concerns desire to obtain the same for manufacturing purposes.

Now, therefore, be it ordained by the City Council of Alexandria, Virginia:

First. That the said issue to the said Ideal Bed Co., incorporated, from the City Council of Alexandria, dated April 24, 1907, and recorded April 30, 1907, in deed book No. 56, page 27, be and the same is hereby declared null, void and of no effect.

Second. That the Corporation Attorney is hereby directed to prepare, in the name of the City Council of Alexandria, a notice of reentry upon the said real estate and the Mayor is hereby authorized and empowered to execute the same.

Third. This ordinance shall be in force from and after its passage.

WASHINGTON, D. C

Toys, Dolls and Games

Our Holiday opening in Toy Department occurs today.

The most celebrated factories of the Old World were visited and the best of their productions have been brought to this country to make up this splendid stock.

A special feature of the toy opening will be the

Exhibition of New Toys.

Exclusive novelties which were personally selected in Europe by our buyer, and which are controlled by us.

He was a generous buyer at the great Annual Fair which is held at Leipsic, Germany, and which brings together all the celebrated toy manufacturers of the world.

THE SONG BIRD

Is one of our new toys and one that will attract a great deal of attention. A very lifelike bird warbles tuneful lays.

Humpty-Dumpty is a new jointed toy made of soft felt. This is a toy which will prove as popular as the Teddy Bear.

Jointed Monkeys, made of Teddy Bear material, will claim a large share of juvenile favor.

The new Dog Tige will be loved by boys and girls at first sight.

An Uneivaled Display of French Dolls.

The French Dolls are more beautiful than ever before. Such charming ladies and dainty babies they seem when dressed up in their French finery.

We show them all sizes—blondes and brunettes.

Our W. & L. Dollar Doll

Was made expressly for us in Germany. It is not the largest doll we could get to sell for this popular price, but it is absolutely the best doll value obtainable in this country for one dollar. It measures 22 inches in height, is full ball-jointed, has the finest quality bisque head, sewed curly wig of fine natural hair, has moving eyes, exposed teeth, and beautiful lifelike face.

It Is The Best Obtainable at $1.00.

Diabolo and Other New Games.

Diabolo is the latest fad. It was introduced in Paris last year and immediately became the rage.

We are pleased to announce a complete line of this fascinating game.

In addition to all the old games, which gain, instead of losing, in popularity, are added all the new games—Teddy's Bear Hunt, Din, &c., &c.

Purchases may now be carefully stored and delivered at your convenience, up to and including Christmas Eve.

We cordially invite the children and the grown folks, too, to visit our Toy Department, and see all the new toys in the happiest Christmas-time surroundings.

STREET IMPROVEMENTS.

As stated in the Gazette of that day a conference between Mayor Paff and the representatives of the electric and steam railroads in reference to extending the street improvements on King street from the city limits to the Union depot was held at the mayor's office yesterday afternoon.

Among those present were Mayor Paff, Corporation Attorney Fisher, Mr. Duke, of the R., F. P. R. Ry.; Mr. J. C. Colvin, superintendent of the electric railway, and Councilmen Louis Brill, H. K. Field, F. F. Marbury, members of the street committee and Mr. E. C. Dunn, city engineer. The county supervisors failed to put in an appearance.

The Mayor stated the object of the meeting and asked for suggestions.

Mr. Duke asked if there had been any conference between the county supervisors and city officials recently, and received the answer that there had not. He further stated that the railroad desired that the roadway to the Union depot should be improved.

Mr. Fisher said that at the last conference with the Alexandria county supervisors they had stated that as the property in the vicinity of the improvements anticipated was taxed in Fairfax county they did not think they were to take the initiative in the matter.

Mr. Fisher further stated that at the last conference between the supervisors and officials of this city. Dr. Rust had emphasized the fact that only one tax payer of the county used the roadway in question. This was significant that the county would not shoulder much of the cost.

Mr. Duke said that a large part of the railroads' property was now taxed in Alexandria county, and he had hoped to meet the supervisors at this meeting in order to learn what action they would take in the matter. The improvements were certainly to be made in their territory

Mr. Duke further stated that temporary improvement could only be made for the winter but after that other arrangements for permanent improvements could be made. He certainly wanted to see the work done.

Mr. Dunn said in his opinion the vitrified brick pavement should be continued out from this city; the work could be started immediately.

Mr. Colvin stated that it was the object of his company to do all in their power to further the improvement.

Mr. Colvin, upon being questioned, stated that he had been in communication with the Mayor sometime ago in reference to double-tracking King street extended and also over the roadway now in question, but as they had completed other arrangements before receiving any reply they had dropped the matter for the present.

Mr. Duke said in his opinion that as the electric railway only had one track on the roadway that that company should only be required to pave between the tracks and two feet on either side, as was required by the city of Alexandria.

Mr. Duke said the improvement done with vitrified brick would cost in the neighborhood of $18,000, leaving out the crossing of Hooff's Run.

The Mayor stated that he felt certain that the city would contribute liberally to the improvement.

Mr. Fisher said while the city could not appropriate money, it could give material, which would answer the purpose.

Mr. Duke, being asked, said that his company was willing to co-opereate in this matter to the extent of its ability, but to what extent he would not like to say.

The sense of the meeting was for the City Engineer to find out the approximate cost of laying a vitrified brick roadway from the city limits to the depot and a sidewalk on the north side of the roadway and report to the Mayor. A meeting will then be called of the county supervisors, and the representatives of the R., F. P. R'y. and the electric railway companies, who will meet the Mayor in conference in reference to the proposed improvement.

Mr. Stonewall J. Irby has sold to Mr. T. A. Groves a house and lot on the north side of King street between Alfred and Patrick.

A WATERHAUL.

Detectives from Baltimore and Washington arrived here last night confidently expecting to capture a female known as Lena Murrell, said to be a young German woman, who is alleged to have stolen thousands of dollars' worth of jewels and gems from northern cities. Large rewards have been offered for the capture of the modern "Gypsy Bess," and visions of sheckels animated the sleuths in their work. They had heard that the long-sought Lena was in Alexandria, and they lost no time in making their way to this city. The detectives immediately sought acting Lieutenant of Police Roberts, and, in a confidential manner, told him their business in Alexandria; also that his services would be appreciated and his share of the reward satisfactory should the object of their search be caught. The acting lieutenant was soon in the saddle and as eager to run down the female as the Baltimore and Washington detectives appeared to be. The officers repaired to several places where it was supposed information would be gathered concerning the whereabouts of the woman, and it was not until a considerable portion of the city had been traversed and no little time consumed that it occurred to the Vidocqs that they were on a cold trail, and that the "information" which brought the detectives to this city emanated from an advertisement of Alexandria Lodge of Elks, for whose benefit "The Merry Cobbler" will be produced at the Opera House. The advertisement, it will be remembered, bore the signature of "Lena." Another chapter of the above story will be found elsewhere.

U. D. C.

The last day of the convention of the State division, Daughters of the Confederacy, closed in Norfolk last night with musical and historical programmes and a reception. Memorial services were held yesterday morning, at which Mrs. J. E. B. Stuart made an impressive address and Mrs. N. V. Randolph, of Richmond, spoke on the first memorial exercise held by the organization. The monument committee reported favorable progress in the movement to erect a monument to Commodore Maury, near Hampton Roads. A number of other committee reports were also heard. The United Daughters of the Confederacy, embracing the membership in the entire country, will meet in Norfolk next week.

POLICE COURT.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Joseph Carroll, colored, charged with disorderly conduct and fighting, had his case continued.

William Speaks, colored, charged with stealing sundry articles from a dry goods store in which he had been employed, was fined $50 and given six months in jail.

Herbert Bryant, colored, charged with assaulting Robert Miles, also colored, was fined $10.

A white man charged with sending an insolent message to the Chief of Police, was dismissed.

FINED FIFTY DOLLARS.

A colored boy named William Speaks was brought before the Police Court this morning charged with stealing between five and six dollar's worth of articles from a dry goods store in which he had been employed. He refused to make a statement when given an opportunity to do so, and was fined $50 and in addition given six months in jail. Should he fail to pay the fine his imprisonment will be for a term of nine months. The storekeeper has heretofore been robbed by colored employes, but has simply punished them by dismissal.

TO DEEPEN THE CHANNEL.

The work of surveying the harbor of Alexandria was continued by government employes today. They say it is the object of the government to deepen the channel from the outlet of the old Alexandria canal to a point opposite the shipyard. The river opposite this city has needed attention since the Johnstown flood—eighteen years ago—when a barge was sunk in the channel at a point opposite the canal outlet which caused the formation of a bar.

DR. ALDERMAN.

Dr. E. A. Alderman, president of the University of Virginia, will, after a brief religious service in Liggett Hall, on Sunday night, at 7:15, address the students of the Episcopal High School near this city. Dr. Blackford, principal of the school, will be glad to see there on the occasion any friends from Alexandria who may feel inclined to hear Dr. Alderman, particularly the alumni of the University of Virginia.

RIVER NOTES.

The schooner Columbia F. C., loaded with canned goods from the lower Potomac consigned to Garrett & Monroe, has arrived.

The bark Boylston, loaded with railroad ties for Boston, sailed yesterday evening.

The barge Rappahannock, from Philadelphia, with coal to DeW. Aitcheson, has arrived.

D. A. R.

The regular monthly meeting of the Mount Vernon Chapter, D. A. R, was held yesterday afternoon at the residence of Mrs. Dabney Herndon on Prince street. A large number of members were present. After business of much interest was transacted the chapter was delightfully entertained by the hostess.

AUCTION SALE MONDAY.

Capt. R. F. Knox will offer for sale at public auction at noon on Monday next on the premises a lot of ground with the buildings thereon on the south side of Pendleton street, near Alfred.

ALEXANDRIA AMUSEMENT CO.

The moving pictures exhibited nightly by the Alexandria Amusement Company, on King street, near Pitt, continue to attract both young and old. The company has made arrangements with another film rental agency, and new and interesting pictures will be exhibited.

Trial Catarrh treatments are being mailed out free, on request, by Dr. Shoop, Racine, Wis. These tests are proving to the people—without a penny's cost—the great value of this scientific prescription known to druggists everywhere as Dr. Shoop's Catarrh Remedy. Sold by E. S. Leadbeater & Sons.

The Alexandria Amusement Company announces to the public that, owing to the continued repetition of pictures shown in this city, they have canceled their contract with the New York firm. From today they will show pictures that are absolutely new. A change of pictures daily. Three entirely new reels tonight. Illustrated songs by Miss Lamar. Matinee every afternoon.

BAPTIST CHURCH NOTES.

Rev. Dr. W. F. Fisher, pastor of the Baptist Church, having received an urgent request to address the Railroad Y. M. C. A. at Monroe, on tomorrow afternoon, the church on last Wednesday evening granted the leave of absence. Dr. Fisher will then proceed to Danville to attend the General Association of Virginia Baptists which will be in session in that city from Tuesday until Friday of next week.

The pulpit of the Baptist Church will be occupied tomorrow by the following. At the morning service Rev James B. Clayton, of Washington, will preach, who sometime ago retired from active pastoral work on account of his health and at present chief clerk, Bureau of American Ethnology. At the evening service Rev. T. D. D. Clark, of Manassas, will preach. Mr. Clark was formerly located in Philadelphia. He is a most interesting speaker and supplied for the church here some five or six year ago.

Rev. C. K. Hobbs, pastor of Beulah Baptist Church, below this city, will tomorrow afternoon at 2 o'clock at the First Baptist Church baptise a large number of candidates into the Beulah Church.

WINNING OF THE WEST.

Tomorrow night at 7:30 o'clock at the Second Presbyterian Church Dr. S. L. Morris, the gifted secretary of home missions in the Presbyterian Church, will speak on the great work of winning the West and the South for Jesus Christ. His message is inspiring, at the same time appalling, for he shows that the immigration into this country reaches the enormous number of 2,500,000 people a year, and practically all come with no religion, or some low form of belief. They thus become a menance to our civilization. He can show that ten foreigners come to our shores to every foreigner who is converted on the foreign field. He deals with the problem confronting the South with the mountain whites, the mill workers and the miners, and he claims that there is only one safe solution, and that it is to meet them with the gospel of Jesus Christ Every person interested in the evangelization of our own land is invited to hear him.

THE DANCING CLASS.

The dancing class so auspiciously inaugurated on the 1st of November by Misses Bessie Jones and Grace Anderson bids fair to become a charming function in Alexandria society this season. The dancing class at the Odd Fellows' Hall on north Columbus street was thronged last night with the belles and beaux of Alexandria. And the two young ladies conducting the dances, who are so eminently qualified by their gracious manner and experience, did all in their power to instruct the tyros and beginners, who are desirous of becoming disciples of "Terpsychore," as well as affording an evening of gaiety and pleasure to all of those who are already trained dancers.

STEPPED INTO THE DOCK.

A man, apparently a stranger, had an uncomfortable experience on the Strand early last night. He had been on the Norfolk steamer's wharf where some of his friends had boarded the steamer for the Jamestown Exposition, and was picking his way along the wharves toward King street when he stepped into the dock at the old Reardon wharf. Fortunately the tide was low, but he sank into the mud and experienced no little difficuly in extricating himself.

DEATH OF CAPT. PETTIT.

Captain J. M. Pettit, an old and well-known resident, died this morning at his residence, corner of Pendleton and Patrick streets. The deceased was 69 years of age. He leaves four children—two sons and two daughters. His death was due to Bright's disease. Captain Pettit was born near Occoquan, but had lived in this city many years, and for a long time was captain of a steamer plying between this city and the lower river,

FUNERAL.

The funeral of the late John W. Burke will, as stated yesterday, take place from Christ Church, of which he had been a regular attendant for sixty years, at 2 o'clock tomorrow evening. The services will be conducted by Rev. W. J. Morton and Rev. Dr. S. A. Wallis. The pallbearers will be Messrs. L. E. Uhler, J. P. Robinson, Hubert Snowden, Herbert Bryant, R. E. Lee, jr., Lawrence Washington, and E. McC. Jones.

INJUNCTION.

Judge Thornton, of the Circuit Court, yesterday evening granted an injunction in the case of the International Trust Company of Maryland vs. the Kuhn Formaldehyde Generator Company restraining the sale of the latter's property advertised to take place today.

MEDAL AWARDED.

The Jamestown Exposition managers have awarded to the Alexandria county schools a bronze medal for the best buildings and display of school work at that exposition. The county exhibit was really a most creditable one.

CORPORATION COURT.

VOTE OF FAIRFAX.

The official vote of Fairfax county cast last Tuesday is as follows: For Congress—Carlin, 953; Howard, 212. State Senate—Thornton, 1,007; De-Putron, 161. House of Delegates—Oliver, 882; Roberts, 293. Commonwealth's attorney—Ford, 1,148. Sheriff—Allison, 1,135. Treasurer—Wiley, 1,165. The democrats elected all six supervisors and most all of the district officials.

WIFE VICTORIOUS.

There was a family jar in a house in the extreme southwestern section of the city a few nights ago, during which the paterfamilias and his wife engaged in a fight. The supposed-to-be weaker vessel succeeded in "downing" her liege lord and it is said pummeled him to her heart's content.

DETECTIVES ON WRONG TRAIL.

An advertisement appeared in this paper signed by "Lena" which stated that she was a German girl, and desired a position, and if anyone wished to employ her to address box 206. A German girl by the name of "Lena" secured employment with a family in Baltimore, and before she had been there one day departed, taking with her about $3,000 worth of jewelry. A gentlemen from this city (a regular Sherlock Homes) seeing the ad, and also reading where this other girl departed with $3,000 worth of jewelry, came to conclusion that these girls were one and the same. He immediately called up police headquarters in Washington—they in turn calling up Baltimore, and detectives from both cities came over, and with several policemen had an interview with the gentleman who rented the box, and learned from him that a friend of his asked his permission to use his box for a few days. It was later learned that "Lena," whose ad. appeared in this paper has decided to go on the stage, and willl appear in comedy drama, "Merry Cobbler," Opera House, Tuesday and Wednesday, November 12 and 13, where she will be pleased to see, on both evenings, all parties who communicated with her, about 100 in all. MAKING A NEWSPAPER

Moving Pictures Show Every Step in Production of "The Record."

There has been a general curiosity on the part of the public to know how a modern newspaper is made and to satisfy all, the whole story was recently told at Keith's Philadelphia Theatre, in a remarkable series of life-motion pictures called "The Making of a Modern Newspaper." "The Philadelphia Record" was selected as the model by S. Lubin, who made the series of very realistic pictures.

The series opens with a scene representing a newspaper office over a hundred years ago. This is to give artistic and historical contrast to the great mechanical advance in journalism since that time. It shows the outside of an old Philadelphia printing shop, and the next glimpse is of the inside of the same printery. A journeyman is laboriously pulling impressions with a Blaew, or Washington hand press, while his apprentice is busy among the type, both being dressed in the costume of the period. Next appears Ben Franklin himself. He walks to the window, looks critically at the sheet, and again returns to his office, in a short time putting on his hat and walking out.

The next picture leaps across a century and gives a fine panoramic view of the home of "The Philadelphia Record." In a flash is seen "The Record's" famous Electric Baseball Score Board, with the great crowd watching the progress of an exciting game between the Detroits and the Athletics.

The next picture shows the business offices of "The Philadelphia Record," with the office force and the ordinary routine of business going on. From that point the real tour of "The Philadelphia Record" establishment begins.

The managing editor is shown in consultation with various members of his staff, and all so true to life that the effect is as if they were transacting their business in real flesh and blood before the audience. Next comes the city editor, with his corps of reporters, each one attending to his or her own business, according to the exigencies of the moment. This scene is succeeded by the department of the advertising manager, which shows an array of solicitors receiving their various assignments.

Receiving want and other advertisements by telephone is an interesting sight that follows next. This is a feature of advertising that in recent times has grown to great proportions. Something akin, but broader in its scope, is the succeeding view of the telegraph room, where a skilled corps of operators is busy receiving news from every point of the compass. The messages are directly taken on typewriters, and so realistic is the picture that the spectators can almost fancy they hear the click and rattle of the instruments and the machines.

Next comes a prominent feature of the making of a modern newspaper—the "Drawing of the Daily Cartoon." The spectators see the artist actually at work and are at once impressed with the deftness of his pen and the modesty of his studio. The next step is into the Mechanical Department, the visitor is treated to a close range view of "Setting Up Advertisements" by hand, succeeded by a tour through the linotyping room, where "The Philadelphia Record's" big batteries of linotype machines are shown in active operation. These almost human pieces of mechanism were never exhibited to better advantage. The stereotyping room comes next, with every operation shown in detail, including a complete demonstration of MacConnell's new Eclipse automatic finishing and cooling machine, which in one simple operation does the work of the four machines hitherto deemed necessary for shaving, trimming, cooling and accurately finishing the semi-cylindrical stereotype plates.

The next natural step is a visit to "The Philadelphia Record" press room, and the exhibition is such a fine one that even the dullest admire the magnificent series of views so faithfully portrayed on the screen. The great presses are shown to the fullest advantage from every end and angle, and at every stage of the journey, from the placing of the blank rolls on the spindles to the finished newspapers that may be seen rushing out of the mouths of the presses by the tens of thousands per hour.

One of the busiest departments is the delivery, mailing and shipping room. There the papers are automatically conveyed from the press room by an endless elevator and several hustling groups of men are kept on the jump putting up bundles, wrapping parcels and getting ready for the mail bags individual copies for out of town subscribers. Next is shown "Making the Trains," where the wagon delivery service every morning makes good the boast that "The Philadelphia Record" is always on time.

The final picture shows "The Philadelphia Record" at the breakfast table," and makes a fitting climax to the wonderful series. A typical American family is seen at home. The father, seated beside his wife, is showing "The Record" just received.

A Significant Prayer.

"May the Lord help you make Bucklen's Arnica Salve known to all," writes J. G. Jenkins, of Hazel Hill, N. C. "It quickly took the pain out of a felon for me and cured it in a wonderfully short time." Best on earth for sores, burns and wounds. 25c at all drug stores.

A tickling cough, from any cause, is quickly stopped by Dr. Shoop's Cough Cure. And it is so thoroughly harmless and safe, that Dr. Shoop tells mothers everywhere to give it without hesitation even to very young babies. The wholesome green leaves and tender stems of a lung-healing mountainous shrub, furnish the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sore and sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Simply a resinous plant extract, that helps to heal aching lungs. The Spaniards call this shrub which the Doctor uses, "The Sacred Herb." Demand Dr. Shoop's. Take no other. Sold by E. S.
